### SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the county of Washoe. The State of Nevada sends to Paul Willott, GREETING: You are hereby required to appear in an action commenced against you as defendant, by Mary Elizabeth Willott, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a divorce from the bonds of matrimony existing between you and plaintiff, and for the custody of your and her minor children, viz: Albert P., aged 13; Mary T., 10; and George A., 7, and George A., 9 years; on grounds alleged of your wilful desertion of her one year; of your habitual gross drunkenness contracted since marriage with her, incapacitating you from contributing your share to the support of her and your family, extreme cruelty on your part to her, and your neglect to provide the common necessities for her and your family, where such neglect was not the result of poverty or your part which you could not have avoided by ordinary industry, for one year and more; that you are harsh and of evil manners and example to your children, unfit to have custody of your children, and she is fit and proper to be their guardian; that you and she were married the 16th day of March, 1874, and that she has resided six months and more before the commencement of this suit in the county, State of Nevada, and she is fit and proper to be their guardian; that you and she are now residing in the county of Washoe, in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand this 6th day of July, 1888.

### SUMMONS.

IN THE DISTRICT Court of the State of Nevada, in and for the county of Washoe. The State of Nevada sends to George C. Murray, GREETING: You are required to appear in an action commenced against you as defendant, by Mary Elizabeth Willott, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service, if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a divorce from the bonds of matrimony existing between plaintiff and defendant, upon the grounds of the desertion and abandonment of plaintiff by defendant without cause, provocation or excuse, on the 10th day of May, 1887, continued hereto, against the will and consent of plaintiff, and without her connivance or procurement; and that plaintiff be restored the right to resume her maiden name, and to recover her costs herein; all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, T. V. Julien, Clerk of the District Court of the State of Nevada, in and for Washoe county, do hereby certify the seal of said Court, this 5th day of June, A. D. 1888.

T. V. JULIEN,  
Clerk of the District Court of the State of Nevada, in and for Washoe county.

Gardiner, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service, if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain the judgment and decree of the Court dissolving the bonds of matrimony heretofore existing between you and plaintiff upon the grounds of willful failure to provide; and also for the care and custody of the minor child, William Henry Gardiner, all of which will more fully appear from the complaint, which is on file in the office of the Clerk of said Court, at Reno, in said county. ## A Move in the Right Direction.

WASHINGTON, July 19.—Senator Blair to-day introduced a bill declaring that hereafter no alien shall be admitted to naturalization until he shall have been a resident of the United States during five years immediately preceding his application for naturalization papers, nor until he shall prove by two reputable witnesses that during these five years he has behaved as a person of good moral character; and he shall also in the presence of a judge, speak, read and write the English language with intelligence and facility as to prove that he has capacity to transact ordinary business in that language, and by its use to become well informed in the principles of the Constitution and the duties of an American citizen. No naturalized person, the bill provides, shall exercise the right of suffrage for one year after receiving his naturalization papers. Judges are forbidden to try more than twenty naturalization cases per day, and false swearing in such cases is declared to be sufficient cause for forfeiture of the person's right to suffrage.

## The Boycott to be Renewed.

CHICAGO, July 19.—The Times will say to-morrow: A move which has been determined upon in case the present efforts to settle the strike on the Burlington road fail is a renewal of the boycott on the road. An official boycott on the road at a time when the corn crop seeks transportation would undoubtedly be a great disaster to the road. "That's what will be done," said a prominent member of the Brotherhood to-day. "We do not want to incommode the public, but extreme measures must be used when nothing else will do. The Brotherhood is able to keep the road losing money, and proposes to do it unless the strike is satisfactorily settled."

As there are but about 300,000,000 pounds of wool raised in this country at the present time, the advocates of the free wool Mills bill would have all the duty taken from imported wools, and by so doing bring the price of American wool down so low that wool raising in this country would have to be given up for the benefit of our foreign competitors.

The National Republican League has arranged a novel campaign feature, consisting of lectures on the tariff and illustrated with one hundred views. The tariff is treated and illustrated historically and the disastrous effects of several Free-trade attempts pictorially as well as statistically presented.

The short addresses made by General Harrison to the visiting delegations at his home since his nomination, show very clearly that he is a statesman and a scholar, as well as a gentleman endowed with a large amount of that oft too uncommon quality—common-sense.

It is stated by a member of the Locomotive Brotherhood, in high standing, that the Burlington strike will be declared off in a few days. The dynamite exposures have precipitated what was a pretty well conceded fact that the strike has been a failure.

The Anarchists at Chicago are said to number 5,000, well armed with Winchester rifles. "There will be serious work some day," say the police officials. "It may not be soon, but it will come."

It is generally understood that Mahone will be the Republican candidate for Congress from the Fourth Virginia district. It is said there will be no opposition to Mahone if he consents to run.

Mrs. Lingtry has been presented by Porter Ashes with the silver cup which he won with his horse Geraldine, against Fred Gehhardt's Rosarium at Monmouth Park last week.

The Delaware peach crop is said to be enormous, and California peaches should be hurried East to arrive there before August 10th, when the former will begin to glut the market.

## AN INDUSTRIOUS BURGLAR.

Arrested for Robbery at Reno and Wanted in California.

The Virginia Chronicle of Thursday has the following:  
Yesterday Constable Hill received a letter from Constable Upson, of Reno, containing a description of a man giving the name of William Richards, wanted there for burglary. Constable Hill found the alleged burglar's backboard in Godfrey's stable-yard on North D street and subsequently found Richards, whom he placed under arrest. To-day Constable Upson arrived and will take Richards to Reno to answer to the charge upon which he was arrested. At Welch's stable on North C street was found a set of harness which, it is alleged, was stolen by Richards and sold to the stable proprietor some months ago. A constable from Greenfield, Plumas county, California also arrived here to-day who wants Richards for a burglary or theft committed at that place a short time ago. After the Reno authorities get through with Richards he will be taken to Greenfield to answer to charges pending against him there, and his chances of an extended sojourn in prison walls is decidedly flattering. Richards admits his guilt to these offenses and will have a hearing to-day.

A RARE CASE.—Mrs. Dutra, formerly Miss Mary King died suddenly Thursday afternoon at the residence of her father on North C street, opposite B. Dellepiane's store, Virginia City. She was apparently in her usual health up to a few moments before her death, which is supposed to have resulted from heart disease, or rather from a broken heart. Deceased was married less than a year ago to Mr. Dutra, and lived apparently happily with him until a short time ago when for some reason they separated, her husband leaving for California and his wife taking up her abode with her parents. Recently she heard that her faithless husband had married again and her grief was insupportable. About three weeks ago Mrs. Dutra gave birth to a child, since which time she has been ill of chills and fever. She was not so ill as to be confined to her bed, and died while seated in a chair. Deceased was only 18 years of age.

COMMENCED BUILDING.—The long expected telephone and telegraph line between Greenville and Susanville is assured. An arrangement has been made between Messrs A. R. Bidwell and N. S. McKensie by which the former will build from Meadow View to Clear Creek, and the latter from Susanville to Clear Creek. Work has begun on the Susanville end of the line, and Mr. Bidwell put his force at work Monday. The communities are to be congratulated upon the convenience which the line will afford and the gentlemen interested in the enterprise should reap a liberal profit on their investment. This line will bring Greenville and Susanville into closer relations and will be advantageous to both places.

FOR THE U. S. BUILDING.—That fine granite stone in the old mill at Ophir, has been purchased by parties of Carson and will be used as a foundation for the U. S. building in that place. It will be hauled from thence on the V. & T. R. R. and a side track will be laid from the main track to the ground. The removal of the rock is now in process, says the Tribune, and probably on Monday next work will commence on the long delayed edifice.

BREVITIES

It is said that hands are scarce in the hayfields of Modoc county, Cal.

If you must eat these warm days, go to the Palace restaurant and get a square meal.

Charles Rich, a miner, was killed by a falling rock in No. 9 tunnel of the Sierra Batters mine Thursday.

The Executive Committee of the Republican State Central Committee will meet in Virginia on the 30th instant.

It was Patrick Scott instead of Jake Carey who was killed in Virginia City Thursday by falling from a platform.

The cavalry at Ft. Bidwell, Modoc county, Cal., were ordered to proceed to the scene of Indian troubles in Idaho and Oregon, and left for there last week.

W. L. Wallace is under arrest for having committed an assault and battery on Mrs. Annie Merritt, of Spanish Spring Valley. He will be tried this morning at 10 o'clock.

The Lassen Mail says it is understood that E. V. Spencer, Esq., will probably be the Republican candidate for the California Assembly from the district composed of Lassen and Modoc counties.

Governor Stevenson returned from his visit to the East Thursday evening. He supports a Harrison hat, and says there is no doubt in his mind but what Harrison and Morton will be elected this Fall.

The Commissioners have issued the ordinances pertaining to waste and soil pipes with the main sewers, and grading of streets. Property owners should read them and govern themselves accordingly.

The Elko Independent says: The amount of freight now going to Tuscarora is simply immense. The road is literally lined with big teams of from eight to ten horses drawing from two to four heavily loaded wagons.

Under complaint of George Smith Judge Bigelow has cited Michael Callahan to appear before him this morning at 10 o'clock for contempt in not heeding the order of the Court enjoining him from diverting the waters of Galena Creek.

The Government's new cruiser, No. 5, known as the "Charleston," was successfully launched at the ship-yards of the Union Iron Works, San Francisco, Thursday evening, at 7:30 o'clock. The launch was witnessed by thousands of people.

H. A. G. W. Cassidy, having accepted the nomination for Member of Congress, says the Silver State, intends to enter upon a canvass of the State next month. He now holds the position of Bank Examiner, which he will resign before he enters upon the campaign.

At the election Thursday of the Savage Mining Company 73,522 shares of stock were voted on the side of the old Directors. The Borland faction, with 33,484 shares, elected one man. The sympathies of a majority of the stockholders at the Bay are with the old officers.

By the ranchers on the Carson river shutting off the water from their irrigating ditches, Sam Longabaugh was enabled to land part of his wood-drive at the Ophir dam, as well as that which will be taken out at Empire. Men are now engaged in cording the wood. The drive is not as large as usual, and there will be a scarcity of the article the coming winter.

Boump Over.—James Floyd, charged with stealing a horse from Eugene Hickey, who lives near Lake View, had his preliminary examination before Justice Summerfield, at Carson, Wednesday. It was shown that defendant swapped Hickey's horse with Otto Schulz and took Schulz's horse to Virginia City where he disposed of it for seven dollars. He was bound over to appear before the Grand Jury with his bonds fixed at \$2,000. He is still in jail.

ALL FIXED.—The Appeal has it from reliable authority that John Mackay has disposed of his cable to Jay Gould for eleven millions of dollars, and will soon place that amount of money or a good share of it, into the mining market to reconquer his Nevada Bank losses. The market is liable to open up strong about the first of August, and this Fall's boom ought, with all the developments in sight, to be a corker.

DROWNED IN SALT LAKE.

Death of a Prominent Physician and Democrat.

A Salt Lake dispatch of the 18th contains the following particulars of the death of Dr. R. H. Elam, of Pioche:

"Dr. R. H. Elam, an old mining operator, formerly of White Pine, Nev., and for the past sixteen years a resident of Pioche, was drowned at Garfield Beach, in Salt Lake, this evening at 6:30 o'clock. He came here on the 16th directly from San Francisco, where his family resides, and intended to return to Pioche in a day or two, after settling some business in this city. He went out to Garfield this evening and went in bathing. He attracted no attention till he began to float face downward, and was thought to be doing it purposely, but presently he was noticed to be sinking and was dragged out. He gasped once or twice, but could not be resuscitated. The coroner's verdict was that he had a stroke of paralysis and had strangled to death."

Dr. Elam has been connected with many well-known and valuable mines, having at one time owned the Yuba at Pioche. This he sold to Godbe, Hampton & Co., of Salt Lake, for a large sum. He owned all the water running into Pioche at one time and controlled it up to the time of his death. He had sold this right to certain parties, but it had not been turned over to the purchasers on account of their not having made all payments due. He was, at the time of his demise, County Treasurer of Lincoln county, and was also a delegate to the Democratic State Convention held in Virginia City this year.

He was an amiable old gentleman and had hosts of friends in Utah and Nevada, who will regret to hear of his untimely end. He leaves a wife and married daughter, residents of San Francisco.

PROSPECTIVE MINING LITIGATION.

The Virginia Chronicle says several prospective suits to remove clouds from titles to mining locations in Flamingo district are looming up in the dim future. The Lady Bryan claims by virtue of a U. S. patent, recently granted, the right to an area of ground covering the entire district, and custodians of that property have verbally enjoined claimants of locations, antedating that of the Lady Bryan, from trespassing within the boundary lines of that ground. The owners of the Adriatic have filed a shotgun protest against any interference with their work of development by the Lady Bryan agents. The claimants of locations within the Lady Bryan patented boundaries assert that it can be proved that ground was obtained without compliance with the requirements of the Federal statutes governing applications for mining land patents, and that notices were not posted on the ground nor published for 60 days in a newspaper in Storey county in which the ground is located.

NEVADA HORSES.—T. D. Parkinson, Manager of the Nevada Land & Cattle Company, has sent a band of 42 horses to Winnemucca to be shipped East in charge of P. M. Golden, an experienced horseman. Twenty head of the horses will average 1,250 pounds each, and the others about 1,050 pounds each. The Silver State says they are all superior animals, and were shipped to Chicago, and possibly some of the finer ones may be taken to Philadelphia. As this is the first shipment of horses from Nevada or at least that part of the State, to cities east of the Mississippi, these animals will convince eastern horsemen that the sagebrush country is capable of producing as fine carriage and farm horses as the prairies of Illinois or the blue grass regions of Kentucky.

GRAND PRIZE MINE.—The hoisting works at the Grand Prize mine are now running day and night, says the Times-Review, to relieve the mine from water and to enable the company to follow downwards the rich ore shown in the bottom of the winze from the 300-foot level. Work at this point was discontinued last winter from lack of fuel with which to keep the tanks going to their full capacity, but now that difficulty is obviated and the mine will be kept well-drained ahead of the workmen. Should the ore continue below this point as good as it shows for a long distance above, Grand Prize will again pay large dividends, as in early days.

K. of P. INSTALLATION.—Amity Lodge, No. 8, K. of P., last evening installed the following officers for the ensuing term, D. D. G. C. Aiken acting as installing officer: Dr. H. Bergstein, P. C.; D. McKay, C. C.; C. D. Williams, V. C.; G. B. Hymers, P.; S. J. Hodgkinson, M. of E.; J. M. Atkinson, M. of P.; W. L. Bechtel, K. of R. & S.; C. A. Jones, I. G.; E. W. Hambrook, O. G.

GO AND REGISTER.—All the voters of this county should remember that they must register in person this year, as their names cannot be transferred as heretofore, on account of the new oath of allegiance that has to be taken. Attend to it at once, so that you will not be counted out this Fall. The registry books are now open at Justice Young's office.

REPUBLICANS IN COUNCIL.—At eight o'clock last evening, in answer to the published call, a large number of Republicans met at the Court House to organize a Harrison and Morton Club. The meeting was called to order by H. L. Fish, who briefly stated the object of the meeting. H. H. Beck was elected Chairman and J. B. Bloor Secretary. Mr. Beck, on assuming the chair, created no little merriment by slowly drawing from his pocket what seemed to be a possible substitute for a Thurman bandana, but he denied the identity of the article and assured the audience that it was a common red nose-rag, which could be purchased at any dry goods house in town for three bits. After this bit of pleasantry the Chairman opened the ball with a neat little speech, which met with hearty applause. Upon motion of R. L. Fulton, Messrs. R. H. Lindsay, H. L. Fish, B. F. Loete, C. A. Bragg and H. P. Kraus were appointed Committee on Permanent Organization. It was decided that the name of the club shall be "Reno Republican Club." After some discussion it was decided not to call for signatures to the club roll until after the Committee on Organization shall have made its report. The Chair stated that no arrangements had been made for a place of meeting. Mr. Bloor tendered the use of the opera house free of charge for the next meeting, after which permanent arrangements could be made. H. H. Beck, Jas. Bloor and W. M. Haver were appointed a committee to procure a suitable place for the meeting of the club. Senator Foley was called upon and in a spirited speech related many interesting incidents of the Chicago Convention, and of his experience as a delegate to that Convention. He said the Republican nominees gave unbounded satisfaction in every section of the Eastern States where he had visited. Col. C. A. Bragg told the meeting of his experience in the exciting campaign of 1840, when he cast his maiden vote for William Henry Harrison, and he intended to live to see the grandson of that old hero elected President. After listening to speeches by Tremaine Coffin, Col. Lindsay and others the meeting adjourned until next Friday evening, to meet at the opera house.

TARRED AND FEATHERED.—Our evening coten is informed that between the hours of 8 and 9 o'clock Friday evening, as the seven-year-old daughter of one of the most prominent and respected citizens of Truckee was wending her way homeward, she was assaulted by a tramp of villainous aspect who attempted to commit the foulest crime a human being can be guilty of. The cries of the little one attracted the attention of the night watchman, who hastened to the rescue. The tramp took to his heels and after a lively chase the officer captured the fiend and marched him to the calaboose. The news of the attempted outrage soon spread, and in a few minutes twenty or more members of the famous "801" assembled, a sack of feathers, a bucket of tar, and a hempen rope were procured, and the vigilantes, all in disguise, proceeded to the jail and made known their errand to the prisoner's captor. He replied: "Well, gentlemen, if you want him more than I do, take him." The citizens then quietly marched to the Donner bridge, and beneath its rafters the tramp was stripped and the tar and feathers applied to his shivering frame. This was soon accomplished, and, after giving the victim a parting kick, the party returned to town and resumed their usual avocations as if nothing had happened. The vigilantes did not stop at this, but posted their dreaded notices all over the town warning other tramps and vags to make themselves scarce, which they are doing, and Reno may soon expect an immigration.

Fashion

And society, impose many privations upon the female sex, in the way of dress. First it is one freak and then another, and from the fact that many of them are unhealthy in the extreme, it is small wonder that many women succumb, and that "female weaknesses" are the too frequent result. Dr. Pierce's Favorite Prescription is the only positive cure for these complaints in existence, and thousands of women can bear witness to its efficacy. "Favorite Prescription" is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is the only medicine for woman, sold by druggists, under a positive guarantee, from the manufacturer, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years. Dr. Pierce's Pellets, or Anti-billions Granules, Laxative or Cathartic according to size of dose. An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb 21-1874

NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

PLATFORM AND SOLUTIONS. The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century. Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people. Resolved, That a diminishing quantity of money reduces the price of labor and property, increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise. Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National banks, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated. Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded. Resolved, That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people; and the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demoralized silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people. Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the insurers while it depresses the price of labor and property. Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is free to do justice to all the people of the country, the poor as well as the rich. Resolved, That the trickery of the President and his advisers by which they prevented a vote in the house of Representatives on the Beck silver amendment to the Bond purchasing bill, equals the villainy of the secret and fraudulent demoralization of silver in 1873.

Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wage-workers competition with the cheap labor of other lands. Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending. III. Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his Administration to prevent appropriations for a navy and coast defenses, with attempting to destroy the protective tariff, with courting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demoralize silver and destroy the industries of our country, and for the reduction of wages of the Mint employees at Carson for closing the Carson Mint when it was not only self sustaining but a source of revenue to the Government for its contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required. IV. We are in favor of the absolute exclusion of Chinese, and the restriction of immigration by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished. V. We demand, in behalf of our various industries, the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1867 on wool. VI. Resolved, That we recognize the right of labor to organize for its lawful protection. VII. Resolved, That we favor the substitution by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic. VIII.
